

How well do your students know the three angels' messages?

## Adventist Education Presents New Three Angels Unit for NAD Schools

To deeply engage our students in the three angels' messages, the NAD Office of Education is excited to offer a new, distinctly Adventist resource for our Pre-K-12 schools.

Three Angels for Kids (K-8) is a 2-4 week resource for your Language Arts class.

Three Angels for Today (9-12) is a 2-4 week resource for History, Bible, or English classes.

This curriculum is engaging and exciting for kids to gain a deep spiritual understanding of the three angels' messages, includes all the materials you need to teach the units, and provides deep critical learning experiences for students.
