Helps

When working with young children, the approach to teaching the three angels' messages is very broad. Leaders should keep the messages simple and stay within the goals for teaching the award.

Teach the broad principles of the three angels' messages as follows:

Angel 1

- a. God is always fair. Trust that He will do what is right.
- b. God made everything. Love, obey and worship Him.
- c. God created the world. Keep the seventh day holy to respect Him.

Angel 2

- a. Always keep the commandments.
- b. Do not follow those who want you to do something wrong.
- c. Obey God even when it's hard.

Angel 3

- a. Use your mind to follow God's voice.
- b. Use your hands to do what God wants you to do.
- c. Be patient. Have faith. Trust Jesus.
